

A Celebration of

the Belper Strutts

in words and pictures

Jedediah Strutt, his sons and grandsons shaped Belper; at the same time managing and developing a business as large as any in the world.

How should we remember them?
What did they contribute to the

Belper and Milford as we know them today?

The words are from those who knew them and saw them live their lives. The images are as far as possible, of the period. Words selected by Christopher Charlton.
